10. **OLD BUSINESS**

- The Spang building auction was held on July 13th. The winning bid was for a total of \$21,000. The Board had set a reserve of \$25,000. The Board needs to approve winning bid.

One a motion of Councilperson Iantorno, seconded by Councilperson Evingham, to approve the winning bid of \$21,000 for the sale of the Spang Building.

Aye- 5, Nay- 0, Motion carried.

- The Board discussed the reassessment. They were questioning when the changes will be available to view in the system, and if there will be a letter sent to the tax payer notifying them of a change. The Board thinks probably not until school taxes in 2017 but will double check with Assessor Lu Anne Glass on both things.

- At the last Water Board meeting the board discussed an outstanding change order with Blue Heron. The Village of Richburg is the only one that has not signed. They state that Blue Heron damaged a homeowner's property and feel that until it is fixed that they should not be paid. The Water Board discussed that the problem is between Blue Heron and homeowner and not the Village. The contract signed with Blue Heron and the Villages/District states that the Village/District is not liable if damage occurs by Blue Heron. The Water Board urged the Mayor of Richburg to get change order signed. Also discussed at meeting was that the issue with the filters seems to be worked out. They are not being changed as often as before. Next meeting is July 26th at 7pm.
- Faxed completed client profile on 6/23/16 for Xpress Pay. Emailed Brian on 7/7/16 to make sure he received it and see what is next. Brian emailed back 7/13/16 stating paperwork is being processed and we should be receiving applications shortly.
- Supervisor Gould will try to have estimates for eaves trough for next meeting.
- Kelly Lounsberry is still trying to get ahold of Chris Perkins to move the sign building to the Oil Museum property. The Board has decided to give the Oil Museum until October 31st to have the building moved.
- Court fax machine is not fixed yet. Supervisor Gould will look into this more.
- The Town Clerk will look online for a drop box for the wall outside the door.
- Cemetery Trees were looked at by Highway Superintendent Schiralli, Supervisor Gould, and Councilperson Ingalls and marked as to which ones needed removed or trimmed. But due to a lack of employees, Highway Superintendent Schiralli has not had time to get to the trees as of yet.

11. **NEW BUSINESS:**

- The Board discussed the appraisal bill from New Generations Appraisal Services. Supervisor Gould states he spoke with Assessor Glass and she is satisfied with the data collected so far. It was asked if the data was or could be more than just the front of the properties, and if the Board wants all sides of buildings and to go back into properties then the price for data collection will triple. The Board agreed that data collected so far is sufficient.

- Jim Barnes from the Village called in regards to the Green-McCarthy (Rapan) House. The house was thought to be purchased by Dale Cook some time ago but it still shows up on the Allegany County website under Green-McCarthy as owners. Mr. Barnes was wondering if the Town was interested in getting the house if it came up on tax sale and if it could be used in part of the pool project. Supervisor Gould did not think it could be used as part of the pool project as it was not in the scope of work listed when applying for the grant. Does the Town want to acquire the house anyways if it comes back on tax sale as it is an eye sore? The Board discussed this a little but will have to discuss it more at a later time.
- Larry Miller and Dave Griswold have approved accumulated sick days that they can use. The Board is ok with them using them for health care or to make up wages after they have made a commitment to retire.
- The Board will discuss the need for a new hire for the highway department at a later date.
- The Board discussed the amount of time healthcare is paid for by the Town once an employee goes on disability. Right now the contract says 52 weeks due to it not being addressed and changed when the contract was up. The Board will offer, to the Union rep., *to pay healthcare for 26 weeks and for it to coincide with the wage schedule and an employee is only allowed to go on disability once during a rolling 12 month period.* If that is accepted by the Teamsters Union, then the Board will amend the contract to show that the Town will continue to pay for Healthcare for 26 weeks. Until then a check will be written to pay for Larry Miller's Healthcare from March until June.

On a motion by Councilperson Iantorno, seconded by Councilperson Wittenburg, to have Supervisor Gould discuss with the Union the issue in the contract with disability, the payment for health care and the accumulated sick days.

Aye-5, Nay-0, Motion carried.

- The air conditioning unit has been leaking. Steve Bedow was in 7/19/2016 and fixed unit.
- Councilperson Wittenburg gave a pool update. States he met with the manager and went over a couple rules like about playing explicit music is not tolerated. Mr. Wittenburg made the Board aware of a police incident that occurred. A resident is permanently banned from the pool. He also talked to a lifeguard who said manager is pretty strict. Overall attendance has been great.
