9. REPORT OF TOWN OFFICIALS:

- **Highway:** Highway Superintendent Brad Schiralli gave his report to the Board. Completed highway projects this year, Chip seal Refinery Road, Kansas Hollow, and California Hollow. The next highway project will be a cold mix pave on the Kossuth Road from the village line to 417.
Other town projects we have been working on. Ditching, grading, and adding gravel to the dirt portion of the Kansas Hollow Road. The County will be helping with the installation of the sluice pipe on Kansas Hollow and that should be starting in August.
I placed an offer for a stainless-steel dump truck box that the town of new Albion has for sale. This is a used box that the town of new Albion had taken off one of their trucks. This is stainless steel box with a sander chain built into it, considered an all-season body. The town of new Albion has accepted our \$10,000 purchase bid.
We cleaned out behind the village water tanks on Olive Street
Sluice pipe policy. Other towns I have talked to have been charging a set rate for sluice pipe installation. For instance, if the town were installing a 12-in pipe, charge the homeowner what the town is paying for the 12-inch sluice pipe along with a 10 ton of crushed back run gravel.
I still have not heard back from the gentleman that had inspected the shop claiming he was with OSHA. We have almost all the issues that he had written up fixed.
- **Code Enforcement-** No report for May submitted. 2 permit applications; Fuller, Scott – 7521 Miller Hillw – repair portion of house from tree damage; Myers, Thomas – 402 Horse Run Rd – generator installation.

10. OLD BUSINESS:

- **Code enforcement:** The Board will think about what questions they want to ask the current code enforcement officer John Krist, as he has offered to stay on with a pay increase.
- **BRAG Historical Society:** After much discussion, the Board has decided that there are too many safety and building code issues and has declined BRAG's request to use the upstairs of the Town Hall. The clerk will send a letter to inform BRAG.
- **Pool update:** A quote from a contractor came in to fix the broken filter. The quote was for 40K, this would include replacing the others since they are old. If only the broken filter was to be fixed, it should cost 3-5k. The Town Board would like to only replace the broken filter this year and look at including the replacement of the others in the budget for next year.

On a motion made by Supervisor Gould, and seconded by Councilperson Majot, the Town of Bolivar Board approves to fix only the broken filter and not to exceed the town's portion of \$2,500.
